On behalf of the Colorado Department of Health Care Policy and Financing:

The Colorado Pharmacy and Therapeutics (P&T) Committee will meet on **Tuesday, April 07, 2026, 1:00-5:00 PM MST (Held virtually)** to review the products listed in the Preferred Drug List (PDL) Drug Class Review (see below). This meeting will be held virtually via webinar. A registration link will be posted on the P&T Committee [website](#) at a later date.

In preparation for this review, MedImpact is requesting Supplemental Rebate Offers for the State of Colorado's Medicaid program for the products under consideration.

**Submission Guidelines:**

<b>Submit Clinical Data</b>	Email dossiers and relevant clinical data to Greg Miller, PharmD at <a href="mailto:greg.l.miller@state.co.us">greg.l.miller@state.co.us</a> and cc'ing Mohamed Duklef at <a href="mailto:mohamed.duklef@medimpact.com">mohamed.duklef@medimpact.com</a> .
<b>Request to Present</b>	Submit <b>one-page, single-sided</b> clinical summary to Mohamed Duklef at <a href="mailto:mohamed.duklef@medimpact.com">mohamed.duklef@medimpact.com</a> , cc'ing Greg Miller at <a href="mailto:greg.l.miller@state.co.us">greg.l.miller@state.co.us</a> , no later than <b>April 2, 2026, at 5:00 PM MST</b> .
<b>Stakeholder Policies</b>	Policies regarding stakeholder comment are available on the P&T Committee <a href="#">website</a> .

**Rebate Offer Details:** The preferred contract price for Health First Colorado is the **Guaranteed Net Unit Price (GNUP)<sup>1,2</sup>**, calculated as: *WAC per unit (last day of quarter) - CMS Rebate per unit - Supplemental Rebate Offer per unit*

All supplemental rebate offers for the Therapeutic Categories under review must be submitted via the MedImpact Secure FTP [site](#). Offers can be placed within the MedImpact Secure FTP site starting **February 16<sup>th</sup>, 2026**, and only offers received by **March 16<sup>th</sup>, 2026**, will be considered; offers should reflect the Manufacturer's best and final terms. Offers may be accepted or rejected without request for a "best and final" offer. No further offers will be considered after that deadline unless specifically requested by MedImpact. Manufacturers with questions or that are having difficulty using the portal, are encouraged to reach out to the MedImpact team, [MedicaidFFSRebateContracting@MedImpact.com](mailto:MedicaidFFSRebateContracting@MedImpact.com). However, we encourage manufacturers to review the frequently asked questions (FAQ) before outreach to MedImpact.

<sup>1</sup> This GNUP becomes the Supplemental Rebate per Unit (SRPU) and is used throughout the contract term. It will also appear in the supplemental rebate contract. The GNUP is the value applied as the Supplemental Rebate per Unit (SRPU) each quarter. The rate is determined using the WAC price, the Manufacturer Offer Rate, and Federal Unit Rebate Amount (URA) in effect for that quarter, throughout the term of the contract. The GNUP is also the value that will appear on the supplemental rebate contract.

<sup>2</sup> Rebate offers should be effective for one (1) year, starting at beginning of the next quarter following P&T
